

# HR and Open Enrollment Success on Our Platform

GlobalMeet empowers you to design and execute polished virtual HR events with high-definition video and audio. With fewer distractions and more control over your event, you can rest assured that your welcome message, training, or open enrollment update is clearly conveyed to your audience—no matter where they are located around the globe.

## An **Easier Way to Navigate** Benefits and Open Enrollment

GlobalMeet video-based virtual events assists HR communicating benefits choices and wellness options:

- ~ Enabling HR to **clearly explain insurance benefits to local and international employees**, including detailed plan comparisons, to support informed decision-making
- ~ **Streamlining the open enrollment process** with enhanced transparency and communication
- ~ **Empowering global HR teams** to educate, advocate, and respond to questions more efficiently
- ~ Boosting awareness and **supporting employee retention programs**

*When Your Message Matters™*

### Open Enrollment

Simplify complex enrollment procedures and payment breakdowns.

### Live and On-demand

Effectively communicate about healthcare and insurance plans anytime from anywhere.

### Powerful Reporting

Determine how team members are responding to new benefit options and corporate procedures.

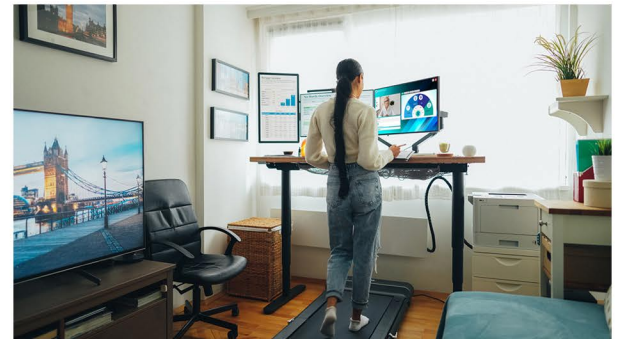

## Lead How You Need (Or Let Us Take Care Of It)

GlobalMeet lets you choose how you want to run the show. If you prefer a hands-on approach, our self-serve model may be right for you. When it comes to virtual events where you'd rather stay focused on the message itself, our professionally managed service includes a seasoned team of event experts to guarantee smooth sailing.

- 1. Create Engagement:** Keep attendees engaged and aligned with interactive polling and managed Q&A.
- 2. Offer Access From Anywhere:** Allow participants to connect from any device, anywhere, using a single URL.
- 3. Set Up Quickly:** Our platform allows for quick event organization, ideal for crisis communications.
- 4. Trusted by Leading FORTUNE 100 Companies:** GlobalMeet hosts over 5 million attendees annually, and over a quarter million company events happen on GlobalMeet.

## Stay on Track While Keeping Track

One of the trickiest parts of company-wide training is making sure those who needed to attend actually attended. We make it easy to track attendance and compliance with robust event reporting tools and interactive polls and Q&A to keep your audience engaged. GlobalMeet also allows you to control exactly what your audience sees during a live presentation and when they see it. Whether it's slides, data tables, videos, or surveys you're sharing, you can dynamically change the layout of your presentation to make sure everyone is on the same page.

## Share Securely

HR events often deal with sensitive information specific to your organization and its employees. Keep those who need to know (and only those who need to know) in the know with GlobalMeet enterprise-level security that delivers ultimate peace of mind. With gated access, password protection and login authentication, only those invited get through the virtual door, so you share honest and clear messaging and communications.

## Take the Complexity Out of Insurance

Employer benefit plans aren't always easy to understand, and traditional brochures with complicated enrollment processes only add to the complexity. Team members find it easier to understand when they can visually be guided by a subject matter expert and engage in real-time polling and Q&A with HR on a virtual event. Whether you're providing broad education during open enrollment or directly engaging with targeted functional teams, webcasting facilitates meaningful interactions at scale with support for hundreds of thousands of attendees.
